

2018 Data Update

After the initial annual JCR release is published, this section will be updated biweekly with notes about pending additions or adjustments to the JCR data. All changes will be reflected in the JCR application when the dataset is reloaded and closed later in the year. These metrics can be considered official JCR data but are provisional until final publication in the reload.

Users may submit feedback for adjustments to citation and citable item counts. All feedback will be considered and fully investigated. The deadline for submitting feedback for consideration for the reload is August 1, 2019.

JCR Data Updates

	JCR Title	Reason	Total cites	Journal Impact Factor	5-year Impact Factor	Immediacy Index
1.	ACAD MED	item count	15669	4.937	5.754	2.020
